

Medicines for Humanity

Reaching The World's
Most Vulnerable Children

OUR VISION

A world in which no child dies from preventable causes or from a lack of basic health services.

OUR MISSION

To save the lives of the world's most vulnerable children and their mothers. We work in areas of high child mortality. We collaborate with and empower committed in-country partners to strengthen maternal and child health in the communities we serve.

Where We Work

Cameroon

Malawi

Dominican Republic

Sudan

**Democratic Republic
of Congo**

Zambia

Haiti

What We Do

Learning for Humanity[®]

L4H is a customized online learning experience created for Catholic Sisters, their staff, and frontline health workers that builds students' mastery, skills, and capacity through interactivity courses, events, and projects, thus strengthening health systems and empowering communities

8 OUT OF 10 STUDENTS ARE CATHOLIC SISTERS

The primary audience of **Learning for Humanity (L4H)** is Catholic Sisters who work with women and children in rural settings, including hospitals, health facilities, clinics, orphanages and schools.

Learning for Humanity[®]

Twelve Learning Paths available in English, French and some in Spanish

- Health Care Management
- Pharmacy
- MCH Communication
- Community Health Worker Programs
- Advocacy
- Proposal Writing & Grant Management
